Great gardening book. Thanks.

Walter & Erica are the MOST knowledgeable garden experts I have ever listened to on the radio, or consulted through their writings. If you live in Georgia (or in zones 6 or 7) and want ALL necessary gardening advice, THIS book is the GO TO book for information. It will knock your socks off!!

The book was very complete and contained a variety of plants for Georgia gardening. Explanations were very interesting and pictures were colorful, even if we were not interested in growing all of the plants covered in the book.

Great option! Just what my wife wanted!

for any gardener's, grower's, and/or landscaper's library -- the useful information specific growing area along with weather conditions;and beautiful pictures....I am proud to have this book in our library ;)
