Synopsis

Earn College Credit with REA's Test Prep for CLEP* History of the United States I Everything you need to pass the exam and get the college credit you deserve. CLEP* is the most popular credit-by-examination program in the country, accepted by more than 2,900 colleges and universities. For over 15 years, REA has helped students pass the CLEP* exam and earn college credit while reducing their tuition costs. Our CLEP* test preps are perfect for adults returning to college (or attending for the first time), military service members, high-school graduates looking to earn college credit, or home-schooled students with knowledge that can translate into college credit. There are many different ways to prepare for the CLEP* exam. What's best for you depends on how much time you have to study and how comfortable you are with the subject matter. Our test prep for CLEP* History of the United States I and the free online tools that come with it, will allow you to create a personalized CLEP* study plan that can be customized to fit you: your schedule, your learning style, and your current level of knowledge of American History. Here's how it works: Diagnostic exam at the REA Study Center focuses your study Our online diagnostic exam pinpoints your strengths and shows you exactly where you need to focus your study. Armed with this information, you can personalize your prep and review where you need it the most. Most complete subject review for CLEP* History of the United States I Our targeted American History review covers all the material you'll be expected to know for the exam and includes a glossary of must-know terms. Two full-length practice exams The online REA Study Center gives you two full-length practice tests and the most powerful scoring analysis and diagnostic tools available today. Instant score reports help you zero in on the CLEP* History of the United States I topics that give you trouble now and show you how to arrive at the correct answer-so you'll be prepared on test day. REA is the acknowledged leader in CLEP* preparation, with the most extensive library of CLEP* titles available. Our test preps for CLEP* exams help you earn valuable college credit, save on tuition, and get a head start on your college degree.

Customer Reviews

A lot of information was missing. I suggest using another source to make up so information. There was a lot of questions on Indian tribes and religious sects.

Great book to CLEP history

Without any prior education about the USA history I used this book as a guide to study for the CLEP. Within 3 weeks I took the exam after studying and using the online tests and other online reseach. I passed the exam with a 60/80.PS: If you want to learn everything about the USA History I recommend taking a history course. This book is basically designed to give you enough knowledge to pass the CLEP to get college credits.I have 3 more CLEPs to take and I am definitely using the REA books.

The material is poorly written and does not help memorize what is needed for the exam. Sample tests are not too bad, hence the 2 stars.

I passed the test despite this book which covered mostly material not on the test and no material on most of my test.

The book provides a good timeline and covers the basic information. As I prepare to take the test

I’m finding that the practice tests have questions based on information that is not covered in this book.Also - I think the book is very poorly written. I say that based on the poor grammar and excessive amount of run-on sentences.

Haven’t taken the CLEP just yet but I will update my review once I do! So far the book has been helping me prepare.

A little light on Native American and Women’s issues, which were very prevalent on the test. Make sure to read the glossary, as there are terms in it that are not included anywhere else in the book.
