Synopsis

How I Escaped Bullies, Wedgies and FartsThis is Diary #6Stephen Weiner has enough problems at home without throwing his first year of middle school into the mix. Luckily, he’s got an Escape plan thru the World of Minecraft, if only he can pull it off! With his best friend SethBling, Stephen accidentally stumbles upon a super-secret back-door to a central computer in which reality is playing the game. He will live the life in survival games where his only chance of survival is Crafting, building and combat! But when Stephen’s game starts to catch up with a life-threatening situation, he’ll have to decide if playing his favorite game is all that matters, or if he’s finally ready to face the rules, bullies, and truths in reality he’s been avoiding. Go ahead and find out for yourself!Full of amazing anecdotes, out-of-this-world minecraft characters, and vivid details, you might mistake this diary for the latest Wimpy Kid Series. But itÃ¢â ¬â„¢s not about everyday school-life or big-fat bullies. Instead, this diary opens a window into surviving in the 21st century. If you want a Minecraft adventure then read this journal; and you will escape into the World of Minecraft!!!This is a must-read for any kid or adult (who has never grown up) who loves Everything about Minecraft.What are you Waiting for? Never in my life have I seen such a book which describes the harsh reality of life and the ways to overcome them in such a fun and amazing way. This book is must for all the children and adults like me who faced or are facing bullies and bad teachers in real life. This books will surely serve as an inspiration to anyone reading it.

Cool book. The stephan character is quite fun and daring at climax. This happens in real life too. Almost everyone of us should go through bullies and stuffs in our life. The courage we need to face em is portrayed in a fun way. Loved it.

I absolutely found this story very creative and it is easy to see how it can relate to the lives of many children, it also provides an imaginative way to gain some insights with a Minecraft twist. A very good read, thanks.

Being not sure how this real life ÃƒÂ¢Ã â ¬Ã â œ kind of story ends up in this mine craft book, I decided to read every line to make sense out of it. Actually, I enjoyed every single line in the pages of this release.

I was eager to learn more about Stephen Weiner and his escape plan. My son also found the book great and can’t get enough of it. The trick of this book is good choice of vocabulary, scenes and character.

Middle school was a time of turmoil for a lot of kids. This book puts the unlikely combination of the world of minecraft and middle school.My son who is a 10 year old could identify with the book. He loved it and now wants to read more of the same series!

Very good read. This is one book that really took me back to my school days.Loved the author for his imagination and narration.Highly recommended
