FUN

This is the third coloring book I have purchased by Sue Toronto in this size format. It is one of four that are being published in the smaller size (I believe that the large format will be made available soon, too.) The size of the book is 8.25 x 5.25 inches which is perfect for me to fit in my handbag or tote for use on the go. I generally keep a small set of coloring pencils and gel pens in my bag as well so I can while the time away with some cute coloring as I recently did while waiting forever at the doctor’s office.I did notice that there are a few design duplication between all the three books that I have (ÃƒÂ¢Ã â ¬Ã Å“FriendshipÃƒÂ¢Ã â ¬Ã Â•, ÃƒÂ¢Ã â ¬Ã Å“InspirationÃƒÂ¢Ã â ¬Ã Â• and ÃƒÂ¢Ã â ¬Ã Å“LaughterÃƒÂ¢Ã â ¬Ã Â•.) I have a number of duplicates but that just gives me a few to share around. If you are buying just one book, no problems. If you plan on buying more, just be aware of this so you aren’t surprised.For my first project in this coloring book, I choose one about drama queens. It is dedicated to the drama queen in my life ÃƒÂ¢Ã â ¬Ã â œ a wildly enthusiastic and dramatic young woman who lives her life to the fullest who has been a drama princess and now queen her whole life! I enjoyed using my Tombows for this project.I will provide more detail about the physical book below but here is an overview of what I found:28 Cute and Funny Designs with Humorous SayingsPrinted on one side of medium weight perforated paperDesigns stop before the perforationsGlue BoundAlcohol and water-based markers bleed through the pageIndia Ink pens bleed through the pageGel pens do not bleed throughColoring pencils work well with the paperThis is a coloring book published by Design Original books. As usual with their books, this book includes examples of colored artwork. It also includes tips from this artist about color wheels. She also discusses how she starts with yellow as a base coat on all of her artwork. I’ve included a photo of my colored design as well as a couple of their sample designs.I recommend using a cut down piece of heavyweight paper as a blotter page to use under the project you are working on to keep the rest of the book from being damaged. You can also simply remove the page from the book before you color your project.

Uplifting phrases nestled in and around adorable pics to color all in a perfect on the go travel coloring book. My new favorite travel coloring book. !!Well worth the reasonable price!

The Laughter coloring books by Suzy Toronto is one in a set of 4 books. I purchased the smaller size coloring book, but they do have an 8 X 11 size book. The paper quality is excellent and the pictures are funny, sweet and appropriate. I like the smaller size coloring book because there is less white background to color. The pictures are the same as the 8 X 11 coloring books, but you don't waste as much markers, pens or pencils filling in the background. I purchased all for of the small coloring book set. This particular book is hilarious, It's so much fun to color in.

very cute book. fun pictures to color and great to take along with you on trip.

I didn't realize that this was a smaller book. However, now that I look at it, the pages will be easier to color. And maybe now I will pin them up at work. It is a cute book. I got it because my boss has this year's calendar on her wall and I have enjoyed seeing the different pictures each month.

Love the small size fits in my purse I have taken it on a plane trip and loved having it with me to make the time go by. I love Suzy Toronto and her colorful sayings and funky pics this did not disappoint

Cute pages to be coloring. The only thing I did not care for, was the pages are thin. You have to be real careful so your colors don't bleed through.
