Customer Reviews

A comprehensive guide, with sections on choosing and using the right equipment.

I found this book very helpful as I am planning to do a small trip (110) miles around our lake...while the book is geared towards seafaring trips...the tips are just as useful for a lake trip. I will doing this trip on my own so am thankful for tips from others that have camped in this way.

Very good book. Found it very helpful for future camping

helped alot
