The late Arleta Richardson grew up on the shores of Lake Michigan. There, her storyteller grandmother recounted memories of her childhood on a 19th century farm, tales Arleta was inspired to share Arleta retells those tales vividly, stories that have now reached more than two million people around the world.

While this book is the second one in the Grandma's Attic bunch, it's not necessary to read In Grandma's Attic first. The book is a collection of 8-10 page chapters, each with it's own story from

Grandma’s youth. The stories can be read independently, apart from each other.In these stories, Grandma, or Mabel, is approximately 6 years old. She’s a girl that means well in general, but is rather foolish and rushes into things without thinking, and the consequences are sure to follow. In fact, she’s a bit foolish for my tastes, and sometimes my thought was that she needed a good spanking and maybe she’d think through things a bit more. But, still each of the stories has a short moral to it, and there are consequences for Mabel’s impetuousness. These are Christian stories; the occasional Bible verse or prayer is mentioned.All in all, they’re clean good stories. I wouldn’t hand them to a child prone to getting him/herself into trouble easily, as they might be inclined to get ideas from Mabel. But otherwise, it’s acceptable enjoyable reading with a moral to the story. My two older children, ages 8 and 6, enjoyed listening to me read them.

My kids LOVE these stories! We read chapter books to them at night in bed. I love that each chapter is stand alone so that you are not hanging on edge overnight waiting for the next part of the story. My kids are 5, 4, 2 and they all ask for this book! And what great morals they teach in such practical ways!

My granddaughter had requested these book and was very happy that Santa came through for her. Good reading for a 3rd or 4th grader.

These nostalgic volumes are wonderful! My 7 year old son simply loves all of the Grandma’s Attic books and asks for "just one more story" every time we read them. I was glad to get this volume electronically so we will have it when we travel without having to carry along any more books!

Such sweet stories with a Little House on the Prairie feel. I have read through a bit of the book and I love it. I can’t wait to start reading this to my 8 yr. old. She loves The Little House series so, I’m sure she will love this too. And it gently teaches lessons as well. I received this as a free download and I’m so glad I did because otherwise, I may have overlooked it all together. I’m definitely going to get the first book before reading them to my daughter.

My 7.5 year old son loves these stories and so do I. We read before bed every night and these are among his favorite stories!

I Love Love Love reading these stories to my little girl! They have wonderful lessons hidden in

precious stories about a little girl and how she lived long ago! Who knew learning history could be so fun!

An unexpectedly charming collection of stories the each carry a simple lesson.
