Synopsis

Scripture tells us of a day when angels God’s holy messengers will ascend upon the earth like never before like a fire igniting everything they touch. From time immemorial, testimonies of these messengers and their amazing intervention have maintained global attention, and every world religion has its own way of identifying and confirming their continual influence. At this moment, the wind of a new Great Awakening is blowing throughout every culture of the US, as well as many countries abroad. People are sensing something they can t explain, but it s a movement of God they cannot disregard. Leaders of both genders and of every generation whose appearance, character, and approach defy all the ecclesiastical norms of the otherwise exhausted Church are rising up from the most unexpected of places to harness this spiritual power and preach the Gospel with a fresh passion the world hasn t witnessed since the martyrs of old. In such a crucially important time, it is necessary to understand the role angels will play in the days ahead. In Angels on Assignment Again, readers will discover: The history of angelic beliefs from one culture/religion to another, and the specific identities they ve been given throughout time How, when, where, and why these celestial beings have visited our planet in recent days How to discern a holy visitation from an unholy manifestation based on the authority of Scripture Upcoming movements of the Holy Spirit, and the role of angels within them How angels are a sign of the end times, and what that means for us here on earth How to safely pray specific prayers of angelic intervention in our lives from provision to revelation and beyond

Engulfed in this awesome writ! I still have the original "Angels on Assignment" written over 30 years ago; not the same content but reads more of an explanation of the varied ministries or assignments angels have in our everyday. This book is all Bible-based and thus substantiated by the written Word, not someone's opinion. I steer clear of all the new age propaganda so freely available because they are merely someone's 'experience' and not substantiated in concrete research. God's word has been around a lot longer than ANY one person's opinion and /or experience. Nothing last unless the foundation is firm. Enough said...ÃƒÂ¢Ã â ¬Ã â

A good read for a new Christian unfamiliar with basic Bible or unbeliever, perhaps. I found it a bit redundant and simplistic with too many polls and percentages for my taste. It is well written for the non academic or man on the street. It does give a basic overview of angels in the Bible and current views on angels in popular culture today, however. The academic might find it a bit tedious.
