Customer Reviews

The perfect book for those who dream of a princess’ wedding on a peasant’s income. Warner offers information on everything from invitations, dresses, food, flowers, music, and pictures to cost

estimates from people all over America. While the fees may become dated, the suggestions for cost-cutting will not. Readers have to be really organized to pull this all off, but Warner helps them do that, too, by setting up a bride’s notebook.Copyright 1990 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Warner’s daughter announced that she and her fiance wanted to marry in four months and have a large, traditional wedding. This book is drawn from the copious notes Warner kept while investigating the buying, renting, baking, etc., needed for that wedding, as well as the suggestions she received from friends, relatives, and others along the way. She shows how to set up a plan and calendar. Frustrated with wedding books which did not cover actual costs, she includes here such information for seven geographical areas in the United States and offers some estimates for Canadian readers. Filled with numerous charts, organizational tips, and personal solutions, this is a practical dollars-and-cents consumer guide to maintaining a wedding budget by a woman who spent less than half the national average of $11,000. Recommended for wedding book collections.- Mary Ann Wasick, West Allis P.L., Wis.Copyright 1990 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Great help to me as I was planning and budgeting my daughter’s wedding. I recommend to everyone wanting to save money on their wedding.

Great book, this book helped me plan my wedding. Would recommend if your in need of some wedding idea and planning help.

Love this book.

I paid ten bucks so..... It had information that I may not have thought of on my own, although I thought it lack some spicific ideas. Also photos would’ve been nice. Maybe of a few weddings that had been planned using it, etc...

does not help me any. these things i already knew. The book is vague and out of date with today’s world.

I love this book. I whish I would have known about this book when I first began preparing for my

wedding.

This book is an EXCELLENT companion while planning your wedding. It gives wonderful suggestions for cutting cost without cutting the elegance of your wedding.

This came quick and was exactly as described. Extremely happy with order. Thank you very much! Would order from again
