Synopsis

Once beckoning to ocean-weary sailors, the lighthouses of the Pacific Coast still stand as beacons to adventurous travelers. Let this beautifully illustrated book conduct you to these classic lighthouses and treat you the fascinating stories behind these picturesque structures and the keepers who served in them. Along with the history of the lighthousesÃ¢â ¬â„¢ development and service, the book also delves into their technological evolution, with special attention to the architecture, the actual lights and lenses, and todayÃ¢â ¬â„¢s movement to preserve and restore them. A breathtaking and edifying tour page by page, the book is also an ideal, informative guide for those who wish to venture into the living history of these coastal lighthouses.

not quite the book I was looking for. but, a great book for a coffee table if you like lighthouses !!

This was a very good book.I got it for a gift, but decided to read it first.We had just visited the Oregon Lighthouses.One thing I found, that the author didn't do, was as he was writing up the stories he didn't say where each Lighthouse was located.(on most) But in the back of the book he has all the locations and information etc.It would have been nice to have the locations listed with the Lighthouse names under the photos or at the start of each one he was writing about.It also would have been nice to have them categorized by state.All in all it was good information and great photos.

Very informative and helpful before our trip to Oregon. I recommend this book if you love lighthouses! This book not only gives informative information but it lets you know how to get there and where the light houses are located. I recommend this book.

I was hoping it gave the background on each one instead it gave a history of lighthouses in general and the life people had on them. It has a lot of information so if this is what you are looking for then this book is for you.

If you every wanted a book on lighthouses of the Pacific this is a very good one. The pictures and information about each one was great. Should really be a hard bound book it is that nice. Very useful when planning a trip to visit the lighthouses of the west. Good buy for the money.

Shipped in time for Christmas and is just what i had expected. This item has sparked my wife's interest to visiting the west coast.

Only one small tear in cover front. Otherwise in great shape!

This book is great. Not only is it a nice "coffee table" book with fabulous pictures throughout, it served as a handy guide for us as we drove down the coast. The book provides driving directions to all the lighthouses. It was very handy.
