If you cross-stitch or would like to cross stitch? If you have a passion for the Victorian Era, then Paula Vaughan’s cross stitch designs are for you. They are beautiful pictures of homes, gardens, family, clothing as well as furniture of the Victorian Era. I can’t get enough of her designs. Just Beautiful makes you want to walk into you project like the Twilight Zone Episode ’A Stop at Willoughby’ and enter another world of a romantic time.

I love it. And i will buy more later. Thank you

Excellent product for the hobby. This is a wonderful series of books for the cross stitch enthusiest. I would recommend it to anyone.

The designs in the book are nice and it look real. The choice of colours for the threads are good. It makes the designs look outstanding.

You can’t go wrong with any of Paula Vaughan’s adaptations to cross stitch. They are all beautiful

and even more beautiful when stitched.

Excellent book of Paula's patterns, was in very good condition. Wonderful addition to my library of cross stitch patterns. I would have wanted a detailed list of all the patterns in the book, however, before purchase. I still would have bought it but a detailed list would be a good detail to add in description of the book.

As with all of Paula Vaughan's cross stitich patterns, this book is great. The only problem is the charts or pictures. They usually are on two or more pages and unless you make copies and put them together, you have to be careful when stitching the chart. However, this is the only problem and it can be overcome.

Have purchased several items thru for the past 6 months. This is the first time that a product was sent damaged. There were pages missing and pulled the the binder of the book. Very disappointed.
