Synopsis

This little book is a simple guide to making big profits with High ROI trades. Why should you focus on increasing the ROI (Return on Investment) on your trades? Simply put, it's about using the thing you can control to make profits instead of relying on the thing you can't control, winning the trade. If you have a high return on your trades you can be an average trader with a mediocre win/loss percentage of 30% and still make good money trading. In a survey carried out recently by a well known Forex broker FXCM of 43 million trades, they found that there were two things that divided the winning traders from the losers. The first was going for larger wins than losses, (a higher ROI on trades) and the second was not taking trades outside their system,(not over-trading in other words). Interestingly the win/loss ratio, (how many winning trades they had versus how many losing trades was not important). I have included examples of High ROI Swing trades, High ROI End of Day trades and High ROI Day trades based on my best-selling series of books, to demonstrate that no matter what time frame you trade you can find good value, low-risk, high-reward trades.Get this book now to start improving your trading profitability.(I have been trading for about 10 years now and tested hundreds of trading systems until I finally developed my own way of trading about 6 years ago, and in that time I have not seen anything that has made me change my mind about the best and easiest way to trade the Forex market.)Reader Comments about my High ROI Trading Systems 5.0 out of 5 starsPure price action and practical eBookBymepsleyon July 24, 2014Format: Kindle Edition|Verified PurchaseFor me this was a really beneficial and practical eBook which is well written and well explained. It uses pure price action which I have not seen before. A multiple time frame approach with small stop loss and 10X profit target. Very logical and easy to understand with plenty of screenshots. I am sure the author put considerable effort into the logically arrange material.Recommended, this one is really worth the money.----------5.0 out of 5 starsThe 10xro1ByTom Caseyon March 2, 2014Format: Paperback|Verified PurchaseGood read and plan for trading. Following the formula for good results.Thats my comment but had to get to the number of words----------5.0 out of 5 starsreliable stuffByJacek Kubiakon February 15, 2014Format: Kindle Edition|Verified PurchaseI am trading very similar manner but this book discovers a new possibilities for me, thank you very much LR Thomas!---------- 5.0 out of 5 starsRule #1 of investing is not to lose your money, Rule #2 don't break Rule #1!!! This book should help...ByKevin J. Donaldsonon May 25, 2015Format: Kindle Edition|Verified PurchaseThis book was a great reminder of the do's and don'ts of investing in the market! Whether you are a beginner or expert trader; you can never

get enough information on mindset and successful strategies of trading.You may have to read & re-read this book to fully appreciate all of the information. Remember knowledge becomes power when you use it, therefore the information in this book should become powerful with practice, application and patience.I recommend this book to anyone who want to; start trading or become a better trader. Good luck and don’t break Rule #1! :)----------
