Synopsis

The most trusted resource in healthcare law is this classic text from George Pozgar, now completely revised. With new case studies in each chapter, The 12th edition continues to serve as an ideal introduction to the legal and ethical issues in the healthcare workplace. The 12th edition presents a wide range of health care topics in a comprehensible and engaging manner that will carefully guide your students through the complex maze of the legal system. This is a book they will hold on to throughout their careers. In addition to new cases, news clippings,the 12th edition introduces new real life experiences in the form of Reality Checks. Course instruction is made easy with helpful instructor resources such as PowerPointÃ¢â Â¢ slides, InstructorÃ¢â ¬â„¢s Manual, TestBank, and more.

I used this as a nursing student, and the book definitely assumes that you’re in law school. Some of the passages drag like nobody’s business, but the book has the self-awareness to throw a bunch of interesting case law to keep things fresh and hold your attention.If you’re being required to buy this book, I think your professor made a pretty solid choice. (If you are here of your own volition, that’s pretty cool of you! There are probably less expensive options tho)The book I received was in great condition and shipped quickly.

This is exactly the book the professor told me to get. It also comes with the ebook, but you have to read the ebook online and it’s in a really bad format, which makes it hard to read from some

devices, including my school laptop.

Bought this for school. Great condition & competitive pricing. With the Prime student membership it was a good deal. A little more expensive than a used book, but I prefer to pay the extra $15 and get a fresh copy. This text is heavy reading and the publisher uses thin sheets that bleed ink and tear easily. A used book might not be in good condition.

great book for health care administration

for my legal college course.

great condition!

Good book, very informative and gives you many examples about major cases that have changed policy. Would recommend to anyone needing it.

Very good book.
