Mr. Rogers of children’s television fame offers up an inspirational tome of his views on parenting and childhood.Copyright 1994 Reed Business Information, Inc.

Kind of a "Chairman Fred’s Little Red Book," except that it probably won’t be bound in red, this is a compendium of the sayings of the creator and star of the Public Broadcasting System’s perennial TV show for very young children, Mr. Rogers’ Neighborhood. Drawn from his speeches, newspaper columns, and books as well as the program’s songs and dialogue, the snippets are sorted into 11 chapters bearing such broad topical rubrics as "Relationships," "Discipline," "Difficult Situations," "Parenthood," and "Growing in Adulthood." They are quite obviously meant to be browsed as occasion presents itself, and anyone who lives or works with children and wants to do so well will take from them enlightenment, encouragement, counsel, and reassurance in about equal measures. Ray Olson

How great was my delight at finding this book available through . Mr. Rogers had such wisdom that

he shared in the most gentle way. I feared this book was one I would not find available to order. I appreciate the inventory offers for sale and the superb delivery system that brings you what you want, when you want it, in top notch condition at outstanding prices.

How can you go wrong with Mister Rogers. These words of wisdom are timeless and exquisitely beautiful. Thank you, Mister Rogers.

Fred was a special person this was a great book signed by him for a gift of inspiration to my son evryone should read Fred’s works when they need a sound perspective

I bought this signed copy of You Are Special for my husband for Christmas from a local used bookstore, and each morning we would read a few pages of Mr. Rogers’s wisdom and philosophy to start our day. It was insightful and nostalgic for two Gen Xers. Lovely book that evoked nice memories and discussions.

This is a book that has small snippets of advice and guidance on the major subjects of child rearing. I try to read one page a day to help keep my perspective in the classroom. Mr. Roger’s insightful bits of knowledge help keep my eye on the goal and not on the crisis or heat of the moment. "Creativity and imagination are the beginning of problem-solving for a young child." PG 56.
