Carl F. Ellis, Jr. is the President of Project Joseph, an organization dedicated to equipping Christians to meet today's challenges. Carl has written several books including The Changing Face of Islam in America, Free at Last?, Malcolm: The Man Behind the X and Beyond Liberation.

Carl Ellis et. al have done an absolutely phenomenal job informing, encouraging, and challenging America on the issue at hand! WOW! As a young AA man I found this book insightful, challenging, and full of "AH-HA" moments. From cover to cover this work is a must read for anyone seeking

answers about how to engage our Muslim brothers and sisters with love, courage, and genuine concern for their being. Pick this one up now! Beware....once you read it, you will become empowered with concise, credible, and relevant "nuggets" God can use to bring beautiful people back to himself.

This is an excellent Christian resource for understanding Islam and it’s pull of our boys and young men.

As a lot of information, and it is easy to read, I recommend this book to anyone interested in learning about Islam.

Black men are, uniquely, searching for a sense of significance and purpose. Unfortunately, the Muslim community often -initially appears to address these issues, however we read in Saving Our Sons that these are only surface "fixes".I really appreciated the explanation that Dr. Ellis presented in this book about the ways in which the Christian church can bring truth and lasting redemption to the black community.I recommend Saving Our Sons to leaders, teachers, counselors and others.
