Customer Reviews

This book answers questions to our purpose and fulfillment of this lifetime. Easy reading and comprehensive answers to age old questions. Bridges the understanding of religions and faith and applying them to our lives in the simplest format. A constant bedside companion for those quiet moments when we reflect on those looming questions that plague all of the thinking population. A must read fot those who want to know all that there is! A powerful insight into God’s wisdom for those of us here on earth. It is great to know that God has a sense of humor and we should be able to appreciate it. Can’t wait to see and read Book 2. I want to know more! It is good to know that what we think, feel, see, hear, do and say really can make a difference in this world. This is the kind of book and information that people have been asking for and now have from the most perfect source. Don’t be surprised when you read this book that you too will have an awakening!

Dr. Angel brought the natural and spiritual side of life into practicality in this book, making it not only easy to understand the spiritual and metaphysical side of life, but how to apply it’s practicality to your own life through stories and anecdotes on her own life, as well as through dialogue with God. The book was so easy to read and understand that it is a positive experience to open it’s pages and find out that you can create your own existence, by having the faith in yourself that God is inside of

all of us, and exists ubiquitously. The book is a wonderful guide for ourselves and I recommend it as a great gift to anyone who cares about themselves enough to reaffirm their path or to make changes towards a better one.

"All That You Are" is a wonderful gift to anyone who truly wants to know who you are in relation to God . It will also help you look at every day life with a much brighter outlook knowing we are always connected to God. The author relates her life experiences to Gods messages which make the concepts very easy to understand. This book will help you take control of your life and start living and experiencing life anyway you really choose. Do yourself a favor and read this one.
