Very well written and illustrated. Will definitely help you through a course to become an HHA. it is a good book to keep with you for reference on the job.

My mom decided to take this course just because....the school tried to sell her this book for $60. I ordered it here for $4 and it was perfect. We could not believe how great of a condition it was in. Also the book is very easy to understand. It’s an easy read. I would definitely recommend it.
