I bought this Oxford Paperback Dictionary & Thesaurus for my wife to use when she works crossword puzzles and in her reading. She has her old Webster's New World Dictionary from her college days but it is big and heavy. I thought this paperback would be handier for her to use.It has been as disappointment with many common words not in it. She still uses her old heavy Websters from the 70's. So be aware that this dictionary and thesaurus may be OK for limited duty use but not for regular main line use.

Very useful as I thought it would be. perhaps a bit staid , thought their might have been more in it somehow being an oxford dictionary and thesaurus! Perhaps I should have gone more for the Thesaurus. As to the dictionary itself. I needed an up to date one but when I came to look certain words up in it, they weren't there. Admittedly ,some of them were of foreign extraction, but I thought

the Oxford contained everything! How wrong was I. from what I remembered this was the case? obviously as a paperback version, contents massively cut back! great shame.

Great condition, readable

I live in Central America, so it took REALLY long to get here, but my son uses it at school everyday. Great book!
