Customer Reviews

It is very good practice for an aspiring actress because it gelps you be prepared for anything a casting director might ask you to do!!!!!

Great!

really good for auditions, i would highly recommend it. it has some very cute and funny monologues , it is absolutely perfect for teens!

I bought this book for my daughter who needed a monologue for her first audition. There is a great variety in the monologues in the book with a lot for different ages up until about 7th or 8th grade age.

My niece loved it! Guess it’s perfect fro the teen girl spectrum. She was excited and said it will help her this year with auditions and plays at school, etc!!

This book was cute I am in my first year of theatre class and when we did our monologues I wish I could have picked one of these monologues

Purchased several of these books for my child who was auditioning for entry into a school. Good collection of material to use.Thank you!

My little sister loved this book and currently uses it to perform monologues in her drama class. Great book overall.
