Customer Reviews

Thank you so much for your wonderful story. I so enjoy your books about mail order brides and the way they and their groom's work to make it all work.

A young widow with twins was being evicted from her home by her late husband's family members who resented her. A man out west was in need of help with his son after the death of his wife. The story was entertaining and exciting events that took place as they were learning to get used to the new home then the death of her Mother kept her saddened as she had planned to help her Daughter with the twins. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me entertained throughout the entire book.

I very much liked this story I would enjoy many more like it .Jackie really has a way of making me feel what characters are going through good and bad and how th deal with everything.
