Very nice book. Full of tidbits of helpful information, and lots of photos.

This is a nice book, with a good bit of history and information. However, it's not very helpful if you're looking to explore neighborhoods or for practical information. It's very tourist-centric, and it's a bit outdated. Instead, do all of your research online. Unfortunately, I have yet to find a Cape Town

guidebook that is equal to or anywhere near as good as my own research. This book just doesn't cut it, unfortunately, especially if you're a young traveler looking for cool places to explore. I will say, however, that this was the better of the other CPT guidebooks that I looked to purchase.
