Impressive guide! This guide has all the information for the first-time traveler who wants to experience the major highlights that Vietnam has to offer. After reading this book I have much better understanding of the country and how to spend my vacation in the most interesting way.This book is really cool,it is a complete guide for us.The book will take us to historical places,beaches,bars,restaurants,and will take us to see its natural beauty. Really worth recommending book!

The author barely glosses over what you should see and what you should do in Vietnam. Not rich in detail. Only good thing is that I got it on a free promo!

I sent this guide back as it really contained minimal information...I could have obtained more insight just by searching the internet. Disappointing.
