Synopsis

Bring geography to life and explore the countries of the world like never before with DK's Children's Illustrated Atlas.Featuring approximately 50 unique maps of the world that show each country in full-color detail, this new atlas is bursting with information, combining colorful icons with photographs representing key points about each country. Young adventurers ages 8-12 will start by learning the fundamentals of reading a map by using a key, compass, and scale, and will progress to discovering fascinating trivia about all the countries of the world, from the United States to Ukraine and Turkey to Taiwan. Bite-size facts and figures that cover a variety of topics such as climates, population, mountains and rivers, and politics in different continents help support school curriculum and make this a perfect book for the classroom.With an engaging infographic design and easy to understand layout and text, the Children's Illustrated Atlas will get the most reluctant explorer learning about the world outside of their own experience.

Customer Reviews

Nice and sturdy hard cover book. Brought in to my kids classroom for World Fest project and was a big hit!

I had an "adult" atlas that didn't have good maps and contained far more material I did not care about. This fits exactly what I wanted--mainly clear maps.

Beautiful illustration and easy to read map. More suitable for early elementary kids. Doesn’t have recent data on population or industry of countries

Beautiful. Kids love it.

as described

Love the world map enclosed

Great

My son, 4 year-old, loves this book..
