"KnownÃ¢â ¬Â¦ for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." DK Eyewitness travel guides are the best. This 2015 Brussels + travel guide comes with their typical pull-out city map that is glossy & heavy weight. We love this added bonus. We always map out our hotel & top destinations before we leave. It is a more durable map than comes with other guides or the freebie you might get from a hotel, so this is the one you will use. DK Eyewitness travel guides have all the top sites & gorgeous pics to go with them. Shopping, entertainment, food, hotels, survival sections. I also like the "what to do if you have 1, 2, 3, or 5 days in ...." section. We get them for every major city we go to. The maps are in the city guides, not the country guides.

I visited Brussels during my trip to London in Sept. This book, as the other DK guides, was a big help in getting around and making teh most of my limited time.

I have used DK once before and thought I would try it again but I am not a fan. Though all the pictures are great to look at, when I am traveling, I perfect more historical information and more informative recommendations versus using that space for images.

As with all DK books I have used, this one proved again the excellence of the travel book series.

The information provided by the book allowed for a very informed visit through the city a few months ago. The information on points of interest, culture, shopping, especially museums proved very helpful in planing and taking advantage of available time. Also, the graphics were superb and played a significant role in helping to get a good sense of a site before a visit.I highly recommend this book to a prospective traveler to Brussels.

hot book

We bought this to help us plan a trip from Amsterdam to Paris: Which of these cities should we visit along the way? How long should we spend in each? This was the perfect resource to help us decide. We'll now use this guide to help us decide exactly what we most want to see and do in each city.

I love this guide. I bought it because it included information not only on Brussels, but also Ghent, Antwerp and Bruegges.The smaller pull out map is great.

The DK books are always the best.
