Synopsis

The feisty Clarice Bean is back tackling 'the environment' in her own inimitable fashion. From trees and planets and holes in the sky, to litter bugs and eco warriors, Clarice Bean has something to say.

Grade Level: 3 - 6

Customer Reviews

While learning about the environment and planet Earth ("Sometimes I think gravity is a pity") Clarice Bean winds up with Robert Granger ("I mainly like to ignore him"), as her class partner. Robert wants to do a project on who walks faster, a snail or a worm, but Clarice Bean finds this topic exceedingly boring. Besides, there's something a lot more interesting going on at home. Brother Kurt has become an ecowarrior, which involves sitting in a doomed-to-be-felled tree, waving signs that say "Free the Tree ("because it rhymes"), and sometimes perching together with the whole family, eating spaghetti marinara. Award-winning author-illustrator Lauren Child's by-now familiar, zany style (Clarice Bean, That's Me, Clarice Bean, Guess Who's Babysitting?) features collage illustrations with scribbly drawings and real photos, and fonts gone mad: big, little, upside-down, spiraling, sideways... whatever the text calls for, no holds barred. This Eloise of the 21st century is as weirdly appealing as any eccentric child you're likely to come across, reading comic books "with the T-shirts and undies in the laundry room." (Ages 6 to 10) --Emilie Coulter --This text refers to the

Hardcover edition.

The star of Clarice Bean, That's Me and Clarice Bean, Guess Who's Babysitting? returns for a third adventure, What Planet Are You From, Clarice Bean? by Lauren Child. When she learns a neighborhood tree is about to be chopped down, the heroine's environmental assignment takes on new meaning as she joins her entire family for a spaghetti-eating sit-in amongst its branches. The mixed-media and collage illustrations heighten the hilarity. Copyright 2002 Cahners Business Information, Inc. --This text refers to the Hardcover edition.

For some reason, I expected this to be a full length book like Spells Trouble or Don't Look Now, but this is a picture book. However, a true Clarice fan will still love it. My 11 year old has read it twice because it shares the same wit as the longer Clarice Bean stories. The illustrations are wonderful and show some of the characters that don't appear in the other books, which my daugher was thrilled about. Bottom line, she loved it! I have to say if I had known that it was a picture book, I probably would not have ordered it. But I am so glad I did.

Great illustrations!

Nice book but thought it was a chapter book. Maybe my misunderstanding.

Thought I was ordering a chapter book, not a picture book. Nevertheless, I still like it.

my daughter loves Clarice Bean, things in this book make her laugh so much

Great

daughter liked it

Regarding the book itself - it's great. Love Lauren Child.Re: the seller (a_bunch_o_books), not so good: the book arrived late - at least 18 days after I ordered it (not sure exactly when because we'd already left on vacation...). This was 7-10 days after other items ordered at the same time.
