Sister Bear can run faster, climb higher, and hit a ball farther than the boys, and she gloats over it. So Brother Bear and his friends build a clubhouse for boys only, and Sister is hopping mad! She plans a honey of a revenge in this funny and thoughtful book.

Stan and Jan Berenstain were already successful cartoonists for magazines and adult humor books when they began writing children's books. The first story starring the bear family,Ã Â The Big Honey Hunt, appeared in 1962. Since then, more than 360 Berenstain Bears books have been published,

and more than 300 million copies have been sold. What began as an idea sparked by their young sons' love of reading has become one of the best-selling children's book series ever.

This is a great story that teaches a good lesson. I enjoyed this book with my son 30 years ago and now I am enjoying it with my grandson. The Berenstain Bear books are timeless!

I really enjoyed this book. It is a book that teaches kids that you should never brag about winning. I recommend this book to kids are learning about this concept.

This might be my very favorite B. Bear book. My kids also love it. Although it had the opposite effect of the moral of the story. My kids started making lots of no boys/no girls signs after reading it. :) Nothing too bad though, and they love this book.

Berenstain Bears books are great. Entertaining and you usually get a good moral lesson. I grew up on these and we just bought every book we could find because we want our kids to grow up on them.

Great book and the kids just love it and I love it just as much as my two kids do

A favorite of mine from youth and now a favorite of my daughters. A classic!

I like the illustrations and my mom says that these books are good advise on how to act. I'm sad that this is my older sisters kindle because if it were mine I would download all the books. I'm only six so 1 I don't know how to read fluently so my sister is typing this.
