Synopsis

With more and more research being done daily on the effectiveness of cannabis in treating various medical conditions, the stories shared in this book should no longer be a surprise to anyone.Rick SimpsonÃ¢â ¬â„¢s journey to help people heal themselves with his rediscovery of the amazing medical properties of the cannabis plant and the powerful extracts produced from the indica varieties is triggering changing attitudes towards this plant and its legal status, worldwide. Now, more than ever, this book provides an important change in perspective regarding our right to medicines already found in nature.

Customer Reviews

Not a totally different story from the first book. I do like them both and recommend them both as well.

Get the answers you need here..

This book could be greatly condensed while still keeping the very hopeful outlook on the benefits of indica oil. Mr. Simpson’s ire at the medical industry and police permeates this tome which includes about three "how to" pages of an extraction technique. As I am not yet recognized as a CT medical marijuana patient, I have yet to perform the process.

Since the works of Jack Herer and "The Emperor Wears No Clothes."Humbled by the fascinating work of Mister Rick Simpson and his undying passion to save humanity.As most are aware, due to the almost global illegal status of this healing plant, it is very hard to learn or study the potential for its medical uses. Somewhat out of desperation, having cancer himself, he went on a journey to heal himself and now feels compelled to heal the world to the best of his capacity. More than a how-to he shares his energy, passion, experiences, interactions with patients, and the current legal state of affairs.The author warns that there may be moments where messages are repeated (he apologizes in the intro for this) but the purpose is to drive-home points and ideas. Having read it on the Kindle, I was able to download around seven pages of highlights from the book that I will certainly use when discussing these ideas with others and with patients.Thank you for your message, energy, and sacrifice, they are appreciated!Love.

Complete, precise and informative. If you are going down the path of searching for a definitive guide to the creation of medicinal marijuana, and how to prepare and use it, then this is the book you need. The only other thing you need is an open mind to accept that we are dealing with a healing plant, not the bogeyman of addictive drugs.

Just read it, and try the oil.

I wish I knew of the potency of hemp oil while my sister was still alive. She died of pancreatic cancer at age 57. Maybe hemp oil could have saved her suffering and extended her life.

Very useful. Some times it got repetitive but overall answered all the questions I had. Rick has done a great service to the world. God bless him.
