Customer Reviews

Great book, barely used

Absolutely garbage. Completely written in IN PEN. Totally useless. Go to the Red Cross website and order a one... worth the extra 10 bucks... I now have a useless book that I paid 40 dollars for.

Got this 300% cheaper than at my college bookstore and had no writing in the book.

It was great. Just what I needed and right on time.

Good condition

When re/certifying, your instructor has to check to make sure that you've completed the workbook...so, if a previous own has already filled out most of the answers (you still have to check them for mistakes & omissions), then most of the work has already been done for you! Just make sure you know your stuff for the exam!

It's in perfectly reasonable condition, I will make good use of it in class, and I'd recommend it to

anyone.
