Synopsis

For 30 years, the highly regarded Secrets SeriesÃ Â® has provided students and practitioners in all areas of health care with concise, focused, and engaging resources for quick reference and exam review. The 6th Edition of Emergency Medicine Secrets, by Drs. Vincent J. Markovchick, Peter T. Pons, Katherine M. Bakes, and Jennie A. Buchanan, features the SecretsÃ¢â ¬â„¢ popular question-and-answer format that also includes lists, mnemonics, tables, and an informal tone Ã¢â ¬â œ making reference and review quick, easy, and enjoyable.Top 100 Secrets and Key Points boxes provide a fast overview of the secrets you must know for success in practice. The proven SecretsÃ Â® format gives you the most return for your study time Ã¢â ¬â œ concise, easy to read, engaging, and highly effective. Portable size makes it easy to carry with you for quick reference or review anywhere, anytime. NEW: Expert Consult access features online, interactive multiple choice questions for every chapter, perfect for self-assessment. Thorough updates keep you current with whatÃ¢â ¬â„¢s new in emergency medicine.

Customer Reviews

"This is the sixth edition and there is a reason a book has such longevity. It has proven to be a valuable learning tool for a lot of people. For those with short attention spans and even some without, this book is a nice way to learn about emergency medicine. Having easily accessible digital

content is a definite bonus." - Michael D. Zwank, MD, RDMS, FACEP (University of Minnesota Medical School) DoodyÃ¢â ¬â„¢s Score: 91 - 4 Stars!

So disappointing after the shot sweet step 2 secrets. Some portions feel unnecessary to write out,such as "US has many uses in emergency med" and this trimable fat is a bummer to see when the book is nearly 700pg long

There is so much fluff in this book. I was disappointed because I remember loving the Secrets book for studying for Step tests... This one is not in the concise tradition of previous Secrets books.

Helped me enormously in my rotations. I will use it during my internship also

Don’t work without it. One of the best review books around.

great book

awesome

I like the presentation of topics in this book. I use it often while working in the ED as a midlevel practioner.
