Customer Reviews

I am just thrilled with this book. It was published in Leicestershire England. I have a friend from England and she said the recipes are very traditional English recipes. My English friend told me she grew up eating the foods found in the recipe section. The book begins with a section on how to brew tea, pouring tea and the social side of tea parties. There is a section that describes many types of tea and tea blends and their properties. Next there is a section on tea sandwiches, how to make them a nice variety of recipes to follow. There is also a section on other finger foods as well such as sausage rolls and cheese straws. The section on tea breads and pastries is quite nice and quite extensive with many traditional English deserts. Finally there is a section on jams and jellies and even a recipe to make your own lemon curd. I would highly recommend this book to anyone interested in making a traditional English tea for family or friends. I hope you are as thrilled with this book as I am.

I got this book for inspiration to have summer brunches and tea parties... the recipes are generally the same for cucumber sandwhiches, scones, etc.... but I love it. I can even put my own spin on the goodies in this book. Overall, I think it is genuinely a good buy.

This is the 'real deal' and am so happy to have it. It has lovely photos and includes several recipes that are uncommon to those in the U.S. I entertain frequently and the recipes that I've tried so far have been tasty, not too difficult and seemingly authentic. The book offers both metric and U.S. measurements.

This is a great book. I have spent a bit of time reading it, and not only is it well photographed, the recipes in it are good. I counted only 7 that had ingredients that were not readily available at my grocery in a small town in ND. That is a real plus. It is also easy and pleasant to read. I am looking forward to trying some of them on my friends. I would highly recommend this book to anyone who likes a bit of serendipity and a brief escape from the cares of a hectic life.

Needed a reference for our 1st Church Tea. Got a lot of good ideas and recipes. Great pictures and was exactly as I expected.

Lovely book!

fantastic book of recipes and pictures. Exactly what you need if you're planning a tea party (the pictures are a necessity for me)

I loved this book from the moment I received it. It is quaint and offers up simple yet elegant recipes for a relaxing time.
