Customer Reviews

A great number of photographs and guidelines for the salt and pepper collector or estate enthusiast! I have used it many times for referencing items for resale.

Very satisfied.

A beautiful book full of salt and pepper shakers with some descriptions. It arrived on time and was well worth the price I paid. Thank you

I found that this guide book was very useful.It has several sets of Salt and Pepper shakers that I was looking for a price for

all the books i purchased had many of the same shakers and many did not have the prices and many were dated

Book in great shape, super price and I will let you know how my Mom likes it when she gets to it.

Lots of variety with many shakers I see offered at shops, I think the estimated values are too high. I use this one more often than the other books I have on shakers.

I was very happy to find a number of salt and pepper shakers I have in this book. It also helped me find some sets at great bargains as I knew what price range to look at.
