Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles

of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Comes with access to their music minus one recordings, which make practicing more fun. You can have a free CD of the recordings sent to you if you want.

My kid plays saxophone, and so do I. As she learns, I check out the books myself. This one is clear and easy to work with.

Item as described.

Great price !

this is a great book however i mistakenly ordered the wrong one for my son (tried to surprise him lol. In any case as soon as I notified them that I made a mistake they quickly sent me the correct edition.

Good price for the Essential Elements 2000: Comprehensive Band Method : Tenor Saxophone, Book as required by school band class

As with all these Essential Elements books, there is a catchThe first set of background music is free BUT you have to register and pay quite a high fee to get access to the rest of them.The blurb claims real band used for backing music BUT again only a few of the tracks are with a real band, the rest is the electronic nonsense often used.OK for an absolute beginner perhaps but too simplistic otherwise.
