Synopsis

The Tabernacle of David is the second work in Conner's trilogy concerning the three major dwelling places of God in the Old Testament. This text answers many vital questions concerning the tabernacle in the Old Testament and its significance to New Testament revelation. The Tabernacle of David is a devotional, typical, theological and practical book and clearly shows the vast differences between the Old Covenant and the New Covenant methods of worship. It presents an exciting and stimulating challenge to the believer who is hungry to learn more about the move of the Holy Spirit today.

Customer Reviews

This is absolutely a wonderful book. The setup and small printing is not the greatest. However, the subject matter is awesome and so full of revelation. I never understood just how significant the Tabernacle of David is to a New Testament believer. Its importance goes way beyond the Gentiles being allowed into the Church. The Tabernacle of David is what give the Church it very foundation. It is a shadow of type of the freedom that we have to come directly before the presence of God without a partition. It is in the tabernacle of David that we learn how to worship and praise God with joy and spirit. I highly recommend this book for educational reading. I read it as a textbook for a Worship Ministry class that I am taking at the Apostolic School of Theology. A warning to Apostolic readers: The author confirms that there is only one God but He still uses Trinitarian lingo. He is obviously Trinitarian in his thinking. However, the Godhead or salvation plan is not the focus of the

book, so it is still appropriate for Apostolic, Oneness Pentecostal, Jesus Name readers. I hope you enjoy the book as much as I did. And may the revelation of the tabernacle of David fill your worship experience with more power. God bless.

I bought this book to study worship. This book has proved a deep well for the study of worship, with an added value of opening areas of the Old Testament (especially the Psalms), which I though I understood, but in reality did not fully comprehend. It's truly a book to study, and as any good text, it will take much more than one reading to digest. I must admit I finally quit looking up and reading every scripture reference. Had I not done so, it would have taken another month to read the book. I'm completely impressed at the depth of this man's study and understanding of the subject, and this is only one of three books in a series (Tabernacle of Moses, and Temple of Solomon also).This book makes it crystal clear why King David's line was chosen for Christ's lineage.

For pursuing to know where David's Tabernacle fits in their personal spiritual lives, as well as in time, this book is a must. So many pieces of the grand puzzle come together in this book. It is not a story book, not a novel, not history and not fiction. This is a study book; a book loaded with Divine Truth and principles that will answer many questions.

This book has become an anchor for my studies and is a reference that I turn to frequently. It has been 'borrowed' several times, and twice never returned to me. This is the third copy I have purchased, so that should be an indication of how highly it is prized. If you had any interest in the Tabernacle in the Wilderness, and the "unwritten" but visible blessing on King David as he then moved the Ark of the Covenant, ---stunningly separating The Ark from The Tabernacle itself---as he ushered in a new era and a new manifestation of worship...this book explores and explodes the fascinating themes of 'The Temple' and 'Worship' with clarity and brilliance that are God-breathed. You will be blessed!

This a great book. Our seminary students always get excited reading this book and they come away with such revelation and insight. David knew how to praise and worship God. This book teaches you to appreciate God and creates a joy of worship unto God

One of the best books I have read so far and really changed my understanding and knowledge! Well written and exhaustive but what every leader of a ministry should understand about prayer and

worship working together in the end times.

Conner is knowledgeable!

At first, this book was somewhat overwhelming in the information presented. However, it do not take long to become totally engrossed in the book. A most comprehensive study of the Tabernacles of David. Yes, it is tabernacles. A concept of which I was not aware. This is a recommended read for anyone who likes deep studies into the word.
