Customer Reviews

I ordered this along with a new King Jame Version Rainbow,verses are highlighted, Study Bible.This cover was larger than I expected and actually leaves about an inch space from the bibles edge but that's fine. This looks identical to leather and the two tone looks very well and complementing. I'd easily recommend this book/ Bible cover.Also has a small inside pocket with a zipper, also a pen holder strap and the outside back cover has a large pocket but no zipper on that just a large pocket

We just received this, so I don't know about the durability. However, it looks cheap. Really cheap. From the picture, it looked like the lighter brown was an imitation suede, (since the whole thing is imitation leather,) but it's not. And the item doesn't come close to imitating leather. Imitation vinyl, maybe. Appears as though you could probably cut it with your fingernail. I still may return it, but it's a gift. Since I have no time to get another by Christmas, I wrapped it, and it my husband curls his nose at it, too, it's going back.

Great Bible Cover!! Well-made... Fits perfectly over my Bible. No problems that I see of now...I would fully recommend it.

Very pleased with this purchase. After looking all over for a reasonably priced bible cover, I took a chance on this one and was not disappointed. The quality is nice and the size was large enough to cover my husband's large study bible.

I ordered this for my husband for Valentine's Day. He & i were both very pleased with it. Definitely looks like it's a more expensive cover than it is. Very sharp!

I bought this bible cover along with a nvi bible and cover is too big for the bible even though its a large bible. Check measurement before purchasing. Design and material are great just sizing is a little deceptive.

Looks great, very good quality, and a great value. I'm glad I purchased it and recommend it for others to buy.

Looks good, but I expected a slightly better quality 'feel'. Has stood up well and still looks good however.
