My son loves these and I love that he enjoys learning through them! I was surprised at how much he learned in such a fun way! We bought all that we could and wish they sold other history lessons in this style. Fun!

Eye catching cover - my students wanted to look at these books right away. The format is a creative

model for student projects where they put themselves in the time period to report the news.

Love it! Great service

This book presented some events from Egypt's history in the form of newspaper articles. It was a very creative way to give children an introduction to Egyptian history. It presented lots of interesting informationa, and also some neat pictures. This book is good at sparking a greater interest in history in children while entertaining them at the same time.

This is a wonderful book that written in a News form. The information are incredibles. I totally think that this is a great book for anyone who is interest in Ancient Egypt.
