Customer Reviews

This book is funny yet filled with much information that can help women in the dating most especially about texting. It even contains the 10 commandments on texting with men that may prove to be very helpful. For girls in the dating scene, this book is a must have especially if you want to learn how to flirt like a pro!

I got this new book by Eric Monroe for my sister - she tells me it contains great tips and advice (beating any guidance she has ever had from her friends)!!!!! Seems like Eric’s material is perfect for the modern woman who uses texts to develop her love life. Recommended then. Jake

This was a very good book on the art of texting. Of course the focus is on how a woman should use texting with men and discusses what is appropriate and what is not. It was very helpful! It was very informative with a lot of things! It basis went over every kind of scenario someone could be going through and what they could possibly try and do to fix it! The quality of material of this book is worth more than its price. Easy to understand content for everyone.

Happy with purchase

This book was an interesting read, and it was very helpful. Eric had great tips and advice on texting and I really liked the 10 commandments of texting which are good to keep in mind. This was informative and also fun to read. This is a must-have for everyone especially since texting is a major form of communication now.

This book was quite entertaining but at the same time contained some quality information. The ÃƒÂ¢Ã â ¬Ã Å“ten commandments of textingÃƒÂ¢Ã â ¬Ã Â• were great, the one I got the most out of was no.3 Thou shalt not text all day long. I need to work on that one. If youÃƒÂ¢Ã â ¬Ã â„¢re looking for an interesting read with some great take-away tips then I would recommend this book

A very helpful and concise book, Really helps me to communicate effectively while I am with guys on online dating websites. Definitely recommend it.

Great book on flirtexting! The book is well-written and is very helpful for someone looking for the right way to text flirting. Very helpful!
