Black’s Law Dictionary: Abridged Fifth Edition

Get it! that’s all that I can say. The later copies have allot of terms and information omitted from them.

Pre-loved version, in good condition & arrived a month earlier than predicted. Very pleased with it. Thank you.

as advertised

Nice shape

Very helpful dictionary.

It’s not the one I was looking for, but it’s still a great dictionary especially for children.

Excellent in all areas

I bought BLACK'S LAW DICTIONARY for two basic reasons.First, the Abridged Fifth Edition was very affordable.And I also wanted to compare it with the legal dictionary that I already have.The only negative that I can think of is the age of this edition.Despite that, I have been very happy this older edition.It's a comprehensive list of terms with over 16,000 definitions. That's considerably more than Oran's Dictionary of the Law has.I found the definitions to be thorough.The pronunciation guide is another feature that I appreciate in BLACK'S.An added bonus is the U.S. Constitution in the back of the dictionary.If you are searching for an affordable, comprehensive law dictionary this edition is worthy of consideration.
