Great read!

In this world where everything should be bound by law, it pays to know what is applicable or not. I learned a lot of common essential phrases and terms that only legal people usually knows. This dictionary is so handy when it comes to your legal rights. But is generally for beginner's use only as they are just descriptions of common terms.

Your book is an anchor in the vast and deep ocean. I find a lot of information from this book.Thanks

In spite of evident grammatical mistakes, and the fact that it is a somewhat small legal glossary; for 3 dollars I found it was like seeing a movie, not the best one, but entertaining enough to pay for it what it costs.Some of the terms appear several times, which served me well because I am currently

studying legal translation, but that wouldn't please other customers, of course.
