Synopsis

A Block Story for KidsThe Journey of Steve The Builder: Book 1Steve is a creative worker that toiled in one of the many villages in the Overworld. He, just like any other fellow who hunted, researched new areas to help the village expand. But the best thing about Steve was his passion for building. He is an Overworld builder. And he would do nothing all afternoon but create things, while other men preferred hitting each other with shovels.In the middle of one of his creations, Steve meets a strange dog holding a mysterious piece of redstone. Steve tracks the dog down and learns more about this strange material and how to use it. But in the process, he meets a group of strange people who will later on lead him to one of the biggest challenges of his life. Steve will have to take everything he knows about building and learn a few more things to take his craft to the next level. Based on the popular Minecraft videogame, SteveÃ¢â ¬â„¢s adventures will prove to be a test of creativity, patience and bravery. He shall see what it truly means to be an epic builder.

Customer Reviews

I was kind of confused on some parts of it, but pretty good for the most part. I would request this to

10-year-olds.

He chose the rating, saying he liked the book, but it didn't take him long to read it (20 minutes) and wanted it to be a longer adventure.

It was awesome, because there was a bunch of strange orange redstone. The writing was very good. - Review by 6 year old reader

More so if they are familiar with the mine craft game. My Grandson is eager for me to get the second book (first/ second grader).

The book was good but it was too short and I want it to be longer. Plz update. If you like short stories this is recommended.

Enjoyable

Good book but could use a little revising. Had sentences that didn't make sense and words that were spelled wrong.
