Merriam Webster Inc, Springfield, MA

I think this is good for those who are not Chinese but want to learn Chinese. A good pocket size easy to carry. I'm a Chinese I'm looking for an English - Chinese Dictionary so this doesn't fit my needs.

I am a tutor for a student from China. This dictionary has been very helpful to make communication between Chinese and English. So far it has been my first choice when questions come up.

Simple. There's a chinese to english side and a english to chinese side. Reads like a concise

dictionary. Quickly gives you basic translation of a word to a character and vice versa. English to chinese side has the pinyin

both chs to eng and eng to chs, small

It’s a functional dictionary, but has too many mistakes on Chinese Pinyin.

it is great, my daughter likes it.

The paper is not very good.the thing is not that good also.

Second time, great!
