Customer Reviews

I have read the whole book, marking my interests for upcoming trip to Amsterdam. This book has everything I need for a visit well planned (this and a few tours via Viator). The city map also helps me plot places of interest, from museums to bicycling and walkng routes, to stays, cafes and restaurants, and entertainment. I plan to take it with me.

So much information in this book! It includes everything you'd want to know about Amsterdam. It is frank and honest, while still giving you all the essential information about getting around, and where to go. Full of beautiful color pictures, too! A great buy.

I got this travel guide along with Great Britain - both have lots of information about tours, sights and many alternative suggestions that fit your budget. I love it!

I love to use Lonely Planet travel related books since 1986. They have never let me down.

My husband and I have traveled to many different countries over the years and we find that the

Lonely Planet guides give us the best and most extensive information possible. I highly recommend this guide

always a pleasure to use Lonely Planet whilst traveling!
