Synopsis

Inside this fun and comprehensive book, you'll find all the information you ever wanted to know about your favorite Disney animated characters. Did you know that O'Malley, the alley cat from The Aristocats, is actually named Abraham DeLacey Giuseppe Casey Thomas O'Malley or that Mickey Mouse has had many different careers, including firefighter, astronaut, detective, and truck driver? Don't be left in the dark-get the inside scoop on Aladdin, Goofy, Anastasia and Drizella, Peter Pan, and many more. Filled with fun facts, cool trivia, and hilarious quotes from the characters, this junior encyclopedia is fun for the whole family!

Language: English

ISBN-10: 078683434X

ISBN-13: 978-0786834341

Product Dimensions: 8.2 x 0.6 x 11.2 inches

Shipping Weight: 1.8 pounds

Average Customer Review: 4.2 out of 5 stars 16 customer reviews

Best Sellers Rank: #264,255 in Books (See Top 100 in Books) #20 inÃ Â Books > Reference > Encyclopedias & Subject Guides > Science Fiction & Fantasy #45 inÃ Â Books > Humor & Entertainment > Movies > Encyclopedias #72 inÃ Â Books > Children's Books > Education & Reference > Reference > Encyclopedias

Age Range: 6 - 8 years

Grade Level: 2 - 6

Customer Reviews

Bought this book on a tip from a WDW info site, and used it for collecting autographs on my Daughter's first trip. The characters were so excited to see their pictures and names in her book when she went to have them sign it, and I feel like they all interacted with her a bit more than usual because of it!I do wish that it had not left out certain characters, like Chip and Dale. There were a few other omissions that had us scratching our heads, but overall, it was a great buy.NOTE: If you plan to use it as an autograph book int he parks, as we did, take it to a local copy shop and have it rebound with a spiral spine, so that you can easily fold it back onto itself to give the characters a

nice flat place to sign. Our local shop said that the hard cover was too thick, so I just did color copies of the front and back cover, and had them laminate and include those.

Book came as described, slight wear...but overall in excellent condition. BUT, 3 of the pages have character autographs and that wasn't disclosed. Wouldn't be a big deal if we hadn't purchased it to have characters sign on our upcoming Disney trip.

I bought this book for my granddaughter's fifth birthday. She and all the other cousins, Disney fanatics, love it! I would highly recommend this book which is now well worn with all the page turnings by the 6,5,4,2 year olds.

We bought before a trip to Disney, and my daughter loved it! It was a great way to talk about the trip.We were going to use it for a signature book, but it was pretty heavy so we only ended up using it a few times - most of the time we used a smaller signature book.Lovely illustrations and stories.

I bought this Encyclopedia of Animated Characters after flipping through it in a store and laughing at some of the amusing entries. Each page includes really nice pictures of the animated characters and information about the characters and their co-stars, including lots of fun and interesting trivia. I thought I knew a lot of Disney trivia, but I learned so much more while enjoying the book. It's suitable for children, and there's also enough interesting information in there for adults to enjoy too.

My kids used this as an autograph book in Disneyland and it worked great! Now they have a book that they can look at and read rather than just a book full of autographs and no pictures or stories. I wish they would release a newer one since this one was missing Princess Tiana, Rupunzel and Flinn. The characters were always excited when they saw their own page too!

I bought 2 of these books after reading about them on related Disney websites for use as character autograph books. My 4 and 7 year old granddaughters love them, and we use them to study up before our trip. They arrived very quickly, and in very good condition. May be a little heavy to carry all day, but we'll keep them in a backpack.

I like the book itself very much.Each page is a different character with good illustrations, colorful and the trivia is interesting. Got it for my daughter who loves it. The only reason I gave it a 3 rating

instead of 5 was it's condition. The seller said 'new' but it had scratches all over the cover. It wasn't the kind of scratches that take off the color or that you first notice, but the kind that when the light hits it right, you see them all over. The kind that makes indentations as if someone ran it across a floor or something. The inside was perfectly new looking, but not the cover. I wondered if I was just being too picky but a few days later I got another book in the mail with the same glossy type cover and there were no indentation scratches and it was easy to see the difference between truly new and not so much. This seller either gave me a book that wasn't actually new OR he just didn't store and handle well. Either way, this kind of experience always makes me wary of buying form 3rd party vendors.
