Derek Humphry is a journalist and author who founded the Hemlock Society USA in 1980 and author of five books on euthanasia/right-to-die, best known of which is the NY Times #1 bestseller Final Exit.

Somewhat of a dissappointment. While it gives a good summary of the legal and other battles

regarding Euthanasia, it does not provide the sort of information promised on the front cover: Where, what and who in choices of dying. It was on the basis of this that I bought the book and could not find any real info on this.

This is a desk reference book for those researching euthanasia and assisted suicide, not a 'how-to' book like my 'Final Exit'---the author 11.9.09Final Exit (Third Edition): The Practicalities of Self-Deliverance and Assisted Suicide for the Dying

For those of who need a book on ending your life with dignity, this book is merely theoretical. There are no recipes for death such as in earlier books. Oh, well.
