Synopsis

Exposing perceived fault lines in our banking and financial systems and explaining how unemployment could be cut in half in two years and worldwide prosperity restored, this book argues the existence of exotic energy sources to replace fossil fuels and consequently recommends an immediate end to fracking and offshore drilling for oil. It further urges an immediate worldwide mobilization to replace the energy source in every car, truck, tractor, ship, airplane, and house on Earth in seven years in a desperate effort to save the planet from further overheating. The book blasts government secrecy, and more than 65 years of supposedÃ Â lies and disinformation, and demands full disclosure of what they know about visitors from other realms and their technology and the extent of their collaboration, including any treaties that may have been signed by them. With more than 65 years of participation in and observation of political and economic systemsÃ¢â ¬â •beginning with the Great Depression, extending through World War II, the postwar era of hope for a better life, the Cold War, the subjugation of democracy by oligarchy, and the subtle but continuous militarization of AmericaÃ¢â ¬â •Paul T. HellyerÃ Â analyzes what he believes has gone wrong with the world and its economy and suggests radical measures to introduce a universal culture of peace and cooperation.

Paul T. Hellyer is a seasoned politician, journalist, and commentator, and CanadaÃ¢â ¬â„¢s senior privy councilor best known for the unification of the Canadian Armed Forces and for his 1968

chairmanship of the Task Force on Housing and Urban Development. In recent years he has become interested in extraterrestrial presence, and in September 2005 he became the first person of cabinet rank in the G8 group of countries to state unequivocally that Ã¢â ¬Å“UFOs are as real as the airplanes flying overhead.Ã¢â ¬Â• He is the author of Agenda: A Plan for Action, The Evil Empire: GlobalizationÃ¢â ¬â„¢s Darker Side, Exit Inflation, Funny Money: A Common Sense Alternative to Mainline Economics, Light at the End of the Tunnel: A Survival Plan for the Human Species, and A Miracle in Waiting: Economics that Make Sense. He lives in Toronto.

THIS BOOK IS A MUST READ! Every American should read this book. It is shocking, backed up with facts and absolutely thought provoking. I found myself getting so mad while reading this, and yet felt totally helpless. Hellyer gives tons of information which is backed up with references and various types of authentications that you won't or don't hear on the news or in newspapers. I have long known that our news media is "controlled" like never before. But what I read in this book is every U.S. citizens worst nightmare. It is extremely important. Like I said, a MUST READ.

Mr. HellyerÃƒÂ¢Ã â ¬Ã â„¢s book was an excellent review of the western worlds corrupt banking system and the polices that make the 1% rich as Midas and the other 99% their respective slaves. Though slave seems harsh it is an accurate appraisal of what is going on, unfortunately the media is nothing more than propaganda lap dogs we can expect no help from them.As far as UFOÃƒÂ¢Ã â ¬Ã â„¢s are concerned he is ahead of the curve talking about them except for HUD secretary Catherine Austin Fitts no one speaks aloud about our governments relationship with them.there are several chapters in the Bible that match these creatures and their agenda,to a tee I get very nervous when I hear such thing and so should everyone should else.If you buy this book and read it give it to a friend when youÃƒÂ¢Ã â ¬Ã â„¢re done, since ignorance of what is going on is how the 1% stay in power.

Paul Hellyer has a passion for the truth and is not afraid to be the first government official to publicly proclaim the reality of the extraterrestrial nature of the craft that crashed in New Mexico in 1947. He shows how the secret cabal of elite powerful individuals that organize under names such as the Trilateral Commission, the Council on Foreign Relations, and the Bilderberg Group.However, this is book of hope..that if the people of this planet can overcome the wickedness of the cabal by resisting their plans, we can sustain the goodness of the Earth for generations to come.

All American’s should read "The Money Mafia", the author nails everything that’s happening & that has happened for the last 50 years in the USA. He’s 91, a Canadian who loves our country and doesn’t want to see it destroyed, Grew up during the depression, lived through WWI & II, I listened to him for 3 hours, and was just spell bound by him. American’s need to read what he has to say and take action so our nation doesn’t become what he say’s it will. A dictatorship! Don’t think it can’t happen, the CABAL, has been engineering this to happen for the last 50 years! They want to control everyone & everything! Please share with your friends and all AMERICANS!

I found this book to be very informative, but also depressing. As a lifelong believer in "movers and shakers" acting behind the scenes pulling all the strings like the Wizard of Oz, it is refreshing to read an authoritative source confirming these facts. I had no idea how the worldwide banking cartel imposes it’s economic slavery on all of us. After reading this, you may feel insignificant and powerless; but you will also realize how corrupt our government really is and how greed, power, and stupidity is an endless cycle.

A great book! I’ve enjoyed every page of this book byPaul Hellyer. It’s more than a book on finance; Mr. Hellyer also talks about other subject such as UFO’s and the problems of this world, etc. I recommend it greatly!

Great blueprint from an experienced man with impeccable credentials. We must heed his advice or suffer untenable consequences for humanity and the planet.

Great insight from a Canadian economist and icon. Capitalism is on trial and this provides excellent insight into its boom and bust workings. Well done!
