Customer Reviews

This book is a truly wonderful read. From the first page, it reeled me in, kept me hooked, and gripped all of my emotions. I cried with happiness AND sadness, and I was touched by the beautiful relationship of the main characters, and its development as the book progresses. As with any great book I’ve had the pleasure to read, I found myself thinking about Leo and Jessie long after I finished the last page.

I won this book at our local Education Foundation Learning Festival. Secret Words, is a griping tale of a young boy who loses his best friend, some he loves deeply. The tale takes you through his grief and their secret poetry connection. I was hooked after page one, I couldn't put it down. The characters where relatable and developed wonderfully. I felt all the feelings each of them were feeling. I would highly recommend this book.

This is a touching story of adolescent love that incorporates so many emotions. Great teen read but also enjoyable for any age group. I truly felt the joys, sorrows, frustrations, and bond between these characters. Highly recommend and look forward to reading more from this author.
