Larousse Paperback, Fall 2010Previous ISBN:978-2-03-541012-2

The Larousse editorial team includes many language and reference experts based in countries around the world. In this way the linguistic team keeps its finger on the pulse of living languages as spoken by the native-language speakers of these countries.

Excellent reference and updated to include modern terminology only that it is pretty large. Not ideal for backpacks or carrying but overall good for someone interested in a great French reference source.

A very thorough work, with excellent translations which read as if they were written by accomplished English speakers, and not machines. Up to date as well, with such things as French e-mail

abbreviations. So if you want to say C U in French, this is the book for you. Also includes a discussion of recent issues in French, such as the apparently-failing move to reduce the use of the circumflex accent.

This is actually perfect for me as it lays flat on table next to my plate so I can look up words while I'm reading a book, and it has pretty much any word I need. Has over 1000 pages but isn't too heavy.

I use it as a professional translator all the time. It helps me decipher and get to the root of the words I need details on.

It is a huge book! I love it!!! Taking online French lessons and it is so helpful!

Great dictionary, especially for use in the high school French classroom. There are even boxes for French cultural notes that aren't always explained by a simple translation. Well organized and very up to date. If you're looking for a student Larousse dictionary, this is the one to get!

This is a very complete dictionary. It is biger than I anticipaded it would be so I would not qualify it as a pocked dictionary because it would be a bit burdensome to carry around everyday to take to class, but I use it a lot when doing homework. It is a great reference book to keep on your desk.

I wanted this for a trip to Montreal but it was too large to take with me. I am using it, however, in furthering my study of French. I am pleased with the purchase.
