Great!!!!

great condition. thank you

excellent service

I am a homeschool student using this course for eleventh grade. This is a very thorough course, though a bit lengthy in the questions and time required for each day of work. My counselor allows me to skip every other question, but even then it’s a lot of work and repetitive questions. Still, some

of the stories I read twice for fun just because they were so intellectually stimulating. I would definitely recommend this text to anyone interested in a very thorough and enjoyable course. Each lesson (1 day of work) has a set of around 15 questions at the end of the story, requiring everything from sentence long responses to page long essays.

Excellent
