Synopsis

Practice makes perfect! That is the case with standardized tests too. Spectrum(R) Test Practice for Grade 7 includes comprehensive and "real" seventh grade practice tests for language arts and math that are Common Core aligned. Each test simulates the actual testing experience by including directions, examples, test questions, and a separate answer sheet with "bubbles" to be filled in for the answers. The online resources include language arts and math practice tests for your individual state’s alignments. Answer key included. Reproducible. 160 pages.

Age Range: 12 and up

Grade Level: 7 and up

Customer Reviews

I got this for my child who was nervous about the Iowa State Testing. Easy to remove pages, suggested time is provided for each portion of the tests. There were practice questions and practice tests. A good setup. And, after the actual test, my child said that it covered what was needed for the test.

Excellent resource for preparing to take standardized tests or for a general review at the end of the year. We were able to identify areas of study that we needed to go back and review, and it gave me a good idea of the areas in which they were proficient. Highly recommend these workbooks for any parent who wants some assurance that their child is ready to move on to the next grade level.

non-sense

This book is great for my daughter who is going into 7th. It's great for preparing your kids for the school year!

It helps to narrow things down for end of the year testing.

This is good practice for testing. I just wish they would of included a section on science and social studies.

Great practice info for my students.

Great review to prepare for the school year and testing.
