Synopsis

(Music Sales America). If you want to spend more time making music and less time bogged down in mind-numbing theory, then this book is for you. The Xtreme series provides a funky and fresh teaching method for beginners through a series of easy-to-follow lessons, exercises, true stories and superstar tips. Whether it be electric guitar, drums, DJing or singing, our team of Xtremists are here to guide you. In Xtreme Vocals, resident pop princess Harmony and rock rogue Klash guide you through a 10-lesson program, covering everything from posture and how to project you voice to using vibrato and mastering rock techniques! With a free audio CD for you to sing along to, profiles of 10 of the greatest vocalists of all time and easy-to-follow guidelines that will help you to sing like them, Xtreme Vocals arms you with all you need to be able to take to the stage and wow your audience in no time.

Customer Reviews

Xtreme Vocals is not a very good book. The cd that contains the exercises is almost impossible to follow and is not well documented with sheet music. There is some useful information but a lot of opinions are stated as facts. I spent about two hours with it before putting it on the shelf where it will probably never leave. Not worth my time as there are much better books out there. Mark Baxter & Roger Love have much better books out there.
