The Winters family has so much going on. Sophie is the hired nurse to care for Aunt Amelia. When

Gage finally comes home, things heat up. I was glad to finally read Gage's story. I always wondered what happened to him and why he left. Now we know more. He was so riddled with guilt from the past. And almost dying almost broke the family. Sophie's tale was scary. You couldn't help but feel scared and sorry for her. But these two broken people needed each other. When they first met, WOW. A bit scary and sexy. I love how Gage always was sweet with her. Making sure she was comfortable. Sophie and her bit of silly with Amelia was cute. I look forward to Annalise's story. We really need to find someone for Adian. He needs to finally find happiness.

Ivy layne can turn some stories out about this large family. And i have read each book.i have to admit that the 1st 2 books are my all time favorites.I have failed to connect to Gage and Sophie.The story was good. Great writing. I just was not pulled into the story.I still am waiting for Aiden's book.

This series just gets better and better!! Cant wait to see what she does next!! This one will make you feel everything!! Gage and his girl are perfect for each other!!

ÃƒÂ Ã Å¸Ã â ˆÃ Â I voluntarily read an arc of this book for a fair and honest review. This arc was provided via Booksprout ÃƒÂ Ã Å¸Ã â ˆÃ Â .This is the first time I have received an arc from this author and I couldn't be happier. I've read all the preceding books in this series and couldn't wait to start this. As usual, Ms. Layne dives right in to the story and developing her characters. Gage has just returned to the Winter's clan after a thirteen year absence. Having enlisted in the military at eighteen after the murders of both his parents and then aunt and uncle Gage, returned a changed man. He had been captured by the enemy and held captive before he was sent home. Sophie, is his Aunt Amelia's caregiver and a young widow. Her marriage was a exercise of pain. Neither Sophie nor Gage can get a good nights sleep so their first few encounters are in the middle of the night. Aiden, the Winter's family heir apparent has been avoiding any deep discussions with Gage, which is beginning to irritate him. We learn that Sophie's deceased husband was a sociopath who isolated her, would beat her and then act like a loving husband when others were around. While there are some truly sexy times in this book, this author doesn't rely on boosting her word count by gratuitous sex scenes..it's all in the story. I don't want to give any spoilers but if you are looking for a really good read that isn't the same run of the mill books that flood , this is the book for you. While it is a stand alone, I would highly recommend the five previous books also.

Title: The Billionaire's AngelSeries: Scandals of the Bad Boy Billionaire'sAuthor: Ivy

LayneDesignation: Book 7 of Series, Full-Length, Standalone, No CliffhangerReading Platform: Kindle UnlimitedMy Rating: Five Sexy, Suspense-Filled Stars*****Oh my! Where have you been Ivy Layne and why have I never heard of you until now? I adore romance, completely addicted to mystery and suspense, and totally smitten with courageous, protective, alpha, bad boy heroes, so when I can find it all in one great read, I'm in heaven! And that's exactly what Ivy Layne delivered in The Billionaire's Angel! This may have been my first time reading Layne's work but it certainly won't be my last.The Billionaire's Angel's is a riveting, fast-paced, easy-to-follow, exceptionally well crafted, full-length standalone novel filled to the brim with danger, drama, mystery, intrigue, suspense, dreamy romance and steamy sex. The narrative is beautifully written in the first person with clearly defined his and her perspectives. The dialogue is smart, snappy, well-executed, sometimes humorous, and flows effortlessly. But as much as I love the plot, premise, and technical aspects of the story, it's the characters who literally exploded from the pages, came to life, and completely captured my heart. I was immediately drawn into this heartwarming tale by the two protagonists, beautiful Sophie Armstrong and handsome billionaire Gage Winters. Sophie is haunted by memories of her past but is finally putting the pieces of her life back together after finding employment with the wealthy Winters family of Atlanta as a live-in nurse for 78-year-old Amelia Winters. Gage is a former Army Ranger and Special Forces veteran who has come back home after a ten-year absence to recover from physical as well as mental injuries sustained while being held as a prisoner of war and tortured for 6 months. Unfortunately, in addition to post traumatic stress resulting from his capture, he also has personal tragedy and ghosts from his past life at Winter House to deal with as well. At first glance, these two lost, lonely, desolate souls appear to be complete opposites but in reality, they're much more alike than either initially realize, but it doesn't take long for Sophie and Gage to feel the simmering, irresistible attraction between them. As they find comfort in each other's arms, both are irrevocably drawn into a web of mystery, suspense, danger, and an undeniable fate. Sparks fly! Attraction builds! Passion explodes! Oh my! It was fabulous and so swoon-worthy!Did I like this book? No, I LOVED it! I enjoyed everything about this story but especially the characters, Sophie, Gage, and let's not forget 78-year-old Amelia. The elderly but ever-bubbly and mischievous Amelia provided the comic relief for this sexy romp and was such a hoot! Loved her! Would I recommend it? OMG, yes! But only for adult readers since it does contain some violence, past physical abuse, adult language, several heavy make-out sessions and, of course, quite a few steamy, dreamy but tastefully done sex scenes. Hubba! Hubba! Will I read this author again? Abso-freakin-lutely! I raced back to and snagged the first book of the series and can hardly wait to dive in! As I stated earlier in my review, this is a full-length book in the

Scandals of the Bad Boy Billionaires Series and can be read as a standalone. However, it's quite obvious there is an underlying conflict with an interconnected plot thread running throughout the series involving the Winters family, but I had no problem at all keeping up with the Gage and Sophie's story. And finally, was I entertained? Completely! Fabulous entertainment and an awesome read!
