Customer Reviews

Step by step process is great for AP testing. Book is complete for all aspects of studying for "the test".

Book came with writing in it, completely filled out.

The book was a requirement for my daughters class. The teacher required it so we have no opinion. It is serving its purpose.

The book came in great condition, granted there was little to few writing in it (one exercise in the book has been finished). But the writing wasn't excessive and the book was in great shape (no folded or falling apart pages, loose bindings, etc.)
